Expression of Interest

GBUK is delighted to announce that Corina Tettinger will be teaching here in the UK on the run up to the GBUK Bead Fair at Stourbridge. We are indebted to Plowden & Thompson at Dial Glass Works for making their lamp-work room available once again.

As you will appreciate the course session demand for each of the four days will be greater than we can accommodate and at just 8 students per class. In all probability the sessions will go quite promptly with places going to GBUK current members. To facilitate a fair draw we're asking members to register an interest against each of the available sessions.

At the end of March a totally independent draw will be taken and members notified promptly if they are successful. (The draw will be ratified via the President of the Salisbury and District Rotary Club Charity)

For those who are not fortunate to obtain a course placement, there will be additional opportunities to meet and see Corina working the torch. At a demo evening (Saturday 25th August) and again at our own bead fair at the Bonded Warehouse 26th August, where she will attend and sign copies of Passing the Flame. Even if you have a copy already, then bring it along and say hello.

Please indicate your first and second course choice/s below and return to Ray Skene no later than Friday 30th March 2007

By post or fax only please not email...

All members will be advised that their application arrived safely for inclusion in the draw.

PLEASE PLACE ME IN THE DRAW FOR LESSON/S WITH CORINA TETTINGER

You can choose any or all of the courses, but the draw and the number of applicants will determine the placement. Your first choice where possible will be offered.
Please also bear in mind that if your preferred course is not available, Corina may well detour from the days theme to fill in any skill gaps you're concerned about.

All course fee's are £165 per day and a £65 deposit and balance to be paid by end of June.

All these sessions will commence at 10am on the day and run through till early evening and possibly longer with open torch opportunity. A buffet lunch and soft drinks will be supplied and all materials are included, plus DIY refreshments - Tea Coffee in the lamp-work studio.
